

The background is a vibrant purple. In the center, a light pink rounded rectangle with a yellow scalloped border contains the main text. Surrounding this central area are various musical icons: yellow and blue musical notes, yellow and blue stars, a yellow trumpet, a brown acoustic guitar, and two white tambourines with purple and black patterns. The overall theme is music and harmony.

# Harmony in Serving God

Family Discussion

Just as our bodies have many parts and each part has a special function, 5 so it is with Christ's body. We are many parts of one body, and we all belong to each other. 6 In his grace, God has given us different gifts for doing certain things well.

Romans 12:4 – 6a (NLT)

## Discuss

- How are diversity and unity both demonstrated on a sports team? How about in an orchestra? Why is it important to have people unified but at the same time doing different things?
- Look in Romans 12 and 1 Corinthians 12 for lists of skills or spiritual abilities that God gives.
- Who do you know who seems to have a specific skill or ability to serve the Lord?
- What skills or interests do you have among your family members that God could be using?

# Prayer

- Thank the Lord for people who have used their God given ability to minister to you.
- Pray for those who serve the Lord in your church using their gifts to preach, teach, and even maintain the physical buildings.
- Ask God to help you to know and use the gifts He has given each believer in your family.
